HOFCLC's purpose is to teach and promote financial literacy, with a particular focus on residential purchases and financings for HOFCLC's members and the public-at-large. HOFCLC will accomplish this by providing free online instruction through the use of licensed third-party educational material, online multi-media material and in-person instruction. By joining HOFCLC and participating in these educational benefits, consumers will have access to coupons for financial discounts on a variety of loan and service products at Lafayette Federal Credit Union (membership required.)
